The Charge of Illegal Fees in the Main Line Injunction Case.

We will state a few points in reply to the perversions of the papers, in relation to Secretaries of the Convention. the charge of illegal payment to Counsel in the Main Line case.

1. What has been paid Counsel has been

exclusively in the case of the Canal Commissioners, vs the Pennsylvania Railroad, and not a dollar in the individual cases of Col. Morr.

2. The money was appropriated by the Legislature, in section 10, Appropriation Act of May 18, 1857, "for miscelaneous expenses." The money has not therefore, been paid "without appropriation of law."

3. The Supreme Court did decide that the Canal Commissioners were acting in the line of their duty, in instituting judicial bach. proceedings to prevent the sale upon the terms in the act of May 16, 1857, and did sustain their bill in equity by granting an injunction to prevent a sale which should DANIEL LEE, of Bloom Township. discharge the Pennsylvania Railroad Company from the payment of taxes. The course adopted by the Commissioners, was therefore, legal as well as landable, and the employment of Counsel, which was absolutely necessary to carry on the suit, Goodman, was an official act for the benefit of the State, and a just ground for the payment of actual and reasonable expenses thereby incurred. In short, the Court has substantially decided that the Commissioners were Democratic Convention of last Monday, right in employing Counsel and carrying on
